

Stefan Hansen

SVP and General Manager EMEA

Stefan joined HERE in 2015 and as Head of Transformation, he led the transformation of the company towards greater operational efficiency and productivity. In his role as General Manager EMEA, he is responsible for prioritizing, initiating and maintaining customer relationships and ensuring service delivery across Europe and Russia, Africa and the Middle East.

Prior to joining HERE, Stefan served as CEO of Lufthansa Systems, where he led the business restructuring and strategic realignment to improve customer-centricity and service delivery.

Stefan Hansen studied electrical engineering at Flensburg University of Applied Sciences. He began his career with Siemens AG as a Software engineer before working for Unilever, Körber AG, Lufthansa and Electronic Data Systems.
