

Stefan Hansen

Senior Vice President and General Manager EMEA

Stefan joined HERE Technologies in 2015, and as Head of Transformation, he led the company towards greater operational efficiency and productivity. In his role as Senior Vice President and General Manager EMEA, he is responsible for prioritizing, initiating and maintaining customer relationships and ensuring service delivery across Europe, Russia, Africa and the Middle East.

Prior to joining HERE Technologies, Stefan served as CEO of Lufthansa Systems, where he led the business restructuring and strategic realignment to improve customer-centricity and service delivery.

Stefan Hansen studied electrical engineering at Flensburg University of Applied Sciences. He began his career with Siemens AG as a software engineer before working for Unilever, Körber AG, Lufthansa and Electronic Data Systems.
